We are pleased to provide the FemCap Clinician's Kit and FemCap retail packages to you at the professional's price. These items can be ordered only by medical practitioners and clinicians.

FemCap Clinician Fitting Kit (only 1 per clinic, please)

The FemCap Clinician Fitting Kit is for clinic use *only* (not for distribution to or use with patients). The kit contains; three devices (Size 22m, 26m, and 30m), and all the needed instructions and literature, including links to online multi-lingual instructional videos.

FemCaps Retail Packages

FemCap retail packages include the FemCap device and instructional materials. (A link to the online instructional video is also included).

Please make your selections below PRIOR to printing. The form will calculate Order Total automatically.

Item	Quantity	Unit Price	Amount
